

Training on Adaptive Delta Management & Design and Execution of ToT

July 8-10, 2019

Venue: LGED, Dhaka

<p>Introduction</p> <p>Capacity development has become imperative for the successful implementation of the Bangladesh Delta Plan 2100 (BDP 2100). Professionals engaged in this implementation process need to be aware of and conversant with new concepts such as delta planning and management under uncertainty, long term planning, scenario thinking, information services, etc. Adaptive Delta Management (ADM) has been recognized as a key concept in BDP 2100. The first part of this training will focus on the fundamental principles of ADM and how to operationalize this normative concept, long term planning and integrated assessment tools. The professionals also need to know how to communicate these topics, as well as to equip themselves with the skills needed to address these topics in their work. The second part of this training will focus on the skills needed by the professionals who has already received trainings on the topics to prepare and deliver effective trainings by themselves.</p>	
<p>Objectives</p> <ul style="list-style-type: none"> • Participants have practical knowledge and operational tools for ADM, scenario building and integrated assessment. • Participants are able to formulate the outline of a training / workshop, using the triangle method (learning objectives, method, assessment) linking with the topic of the training/workshop. • Participants have practised facilitating an interactive discussion. 	
<p>Expected outputs</p> <ul style="list-style-type: none"> • At least 5 outlines for trainings on various aspects of BDP2100 and ADM. • Training plans, to be implemented and followed up. 	<p>Materials required</p> <ul style="list-style-type: none"> • Flip chart / Post-its (will be supplied). • Participants are encouraged to bring their own laptops to facilitate working. • 2 hand-outs (triangle / workshop preparation).
<p>Time required</p> <ul style="list-style-type: none"> • 3 x 8 hours for the training. • 8 hours for preparation. • Follow up. 	<p>Preparations required</p> <ul style="list-style-type: none"> • All participants have some background on BDP 2100 and ADM. • All participants read the handouts (triangle, workshop preparation) prior to the workshop. • All participants hand in the assignment to reflect on a training they plan to give within the coming 6 months.
<p><u>Program Schedule</u></p>	
<p>ADM Principles and Practice, Day 1: Monday, 8 July 2019</p> <p>Session 1: 09:30am-11:00am</p> <p>1. Introduction</p> <ul style="list-style-type: none"> - Welcome and introduction of the training, goals - Expectations of the participants <p>Session 2: 11:15am-01:00pm</p> <p>2. ADM Principles in the context of BDP 2100</p> <ul style="list-style-type: none"> - Background and evolution of ADM - ADM concepts and principles - Operational tools and methods - BDP 2100 and Bangladesh context <p>Launch: 01:00pm-02:15pm</p>	

Session 3: 02:15pm-03:15pm

3. Long term planning and scenario development

Session 3: 03:15pm-04:45pm

4. Group work: use of scenarios

ADM Principles and Practice, Day 2: Tuesday, 9 July 2019

Session 1: 09:30am-10:00am

1. Recap Day 1 and reflections

Session 2: 10:00am-11:00am

2. Knowledge gaps and integrated assessment

Session 3 : 11:15am-01:00pm

3. Tools: Model requirements for decision support under uncertainty

Launch: 01:00pm-02:15pm

Session 4: 02:30am-04:45am

4. Group work: case study and ADM plan

Design and Execution of ToT, Day 3: Wednesday, 10 July 2019

Session 1: 09:30am-10:00am

1. Introduction

- Welcome and Introduction of the workshop, goals
- Expectations of the participants

Session 2: 10:00am-11:00am

2. Training Triangle (didactics theory)

- A. Learning Objectives
- B. Method
- C. Assessment

Session 3: 11:00am-01:00pm

3. Facilitating interactive discussion (skills practice)

- Participants facilitate discussion on ADM topics (possibly in parallel groups)

Launch: 01:00pm-02:15pm

Session 4: 02:15pm-04:45pm

4. Plan for training

- Participants follow the steps in the handout for developing a workshop/training, fill in the assignment sheet, plan for training and discuss this together

Session 5: 04:45am-05:00

5. Closing

Prepared by: Prof **M. Shah Alam Khan**, IWFM BUET & Prof **Chris Zevenbergen**, IHE Delft
